

Blood Donor Clinic Here On Dec. 2nd

When called on the Canadian Red Cross supplies free blood to anyone in need in this province. No doubt many people in the Didsbury district have received benefit from this service.

The Alberta Red Cross, through the generosity of donors and voluntary helpers have, so far, been able to supply all the calls for blood made upon it. However, the cost of collecting, processing and distributing this blood is creating a strain on Red Cross resources.

The usage of blood in our Alberta hospitals has increased 89 per cent since 1949, and in order to conserve time and expense the Blood Transfusion Service has found it necessary to hold fewer and bigger clinics.

It is now very dependant on the support and goodwill of everyone living within a 20-mile radius of a clinic centre if supplies are to meet the increased demand for blood.

Every donor is an important factor in maintaining this essential service. Not only is their donation vitally needed but their gift helps in reducing collection costs.

Clinic expenses to Didsbury are practically the same whether 100 or 200 bottles are collected, but obviously if 200 bottles are collected the cost per bottle is cut in half.

The Didsbury branch of the Red Cross have been asked by the Blood Transfusion Service to enlist 175 donors for the clinic to be held at the Evangelical Church on Thursday, Dec. 2nd, from 1:30 to 4:30 p.m. and it is hoped that this figure will be passed.

The Willing Workers meeting was held at the home of Mrs. S. Jackson last Wednesday afternoon with members present. Roll call was answered by naming "A Famous Historical Place in Canada."

It was reported that the clothing members brought to the last meeting had been sent to the family. A motion was passed that 10 yards of flannelette be purchased for lining two wool quilt tops, which are now being made. Arrangements were made to tie these quilts at the home of Mrs. H. Jackson on Nov. 25. It was agreed that the bingo party be held at the hall on December 3rd.

A motion was passed that a ton of coal be purchased for the hall, also sufficient lumber to make four 10-ft. tables, and that Mr. L. Jones be asked to construct same.

Mrs. W. Herbert gave an interesting paper on "Bone China". The tea money hostess prize was won by Mrs. A. Jackson.

The next meeting will be held at the home of Mrs. P. J. Jackson on Dec. 8, when the annual election of officers will be held.

Mr. W. Herbert and Mr. Wiley returned home Sunday evening after a two-day visit at Hatzfeldt and Edmonton where they visited with Mr. and Mrs. Wiley and Mr. and Mrs. Dan Maseppa.

Mr. and Mrs. A. Grange and family of Didsbury were Sunday visitors at the home of Mr. and Mrs. J. E. Bolton.

Mrs. J. Cowie visited at the home of her son Andrew in Edmonton last Wednesday.

The local baseball team, who won the silver cup again this year, was honored at a banquet held at the hall Saturday evening, when approximately 110 persons enjoyed a turkey supper.

Mr. A. Walcott very capably filled the position of master of ceremonies. Mr. R. Jackson, coach of the team, and Mr. Sid Summers, scorekeeper, gave very interesting talks on progress, batting and fielding averages of the players.

Two of the players, Robert Jackson and Edwin Johnson, were thanked for the team, expressed appreciative thanks for the wonderful supper and for the support given them during the season.

Following the speeches Rev. C. Armstrong showed a picture show of silent pictures which brought an enjoyable evening to a close.

A dance will be held at the hall this Friday, November 19, with the Merry-makers orchestra in attendance.

The first whist party of the season will be held at the hall on Monday evening, November 22.

Feed and Grain Problems . . .

By Donald F. Smith
EDMONTON.—With Alberta farmers taking advantage of the Indian summer weather of the past few weeks, agricultural officials are feeling the busy farmer would have little time for paper work, estimated the survey of grain problems will not be known until the end of November about.

While the warm sunny days have helped to improve the situation immeasurably compared to the bleak prospect when the survey was launched early this month, it is expected that some areas will require help to fulfill next year's seed needs.

Last week's crop report from the provincial department of agriculture said the yields looked satisfactory in view of the conditions of the crop at the time killing frost occurred. In some cases it added, farmers are coming out better than they expected when estimates were made about the middle of September.

Wheat grades in southern Alberta are expected to average No. 2 and No. 3 in the Peace River district, according to the Department, but in some areas what is expected to fall into grades 5 and 6. In northern parts of the Peace River district much oats and barley is expected to rate C.W. grades and in districts east of Lethbridge it will grade above feed. In other areas, the crop report said oats and barley will be classed as one and two feed with some three feed.

As to harvesting operations the Peace River and southern districts reported better progress than such areas as Olds, Stettler, Lacombe, Ponoka, Edmonton, Westlock, Bonnyville and Smoky lake. Many fields of late oats and barley will not be threshed this year, the Agricultural Department estimated.

The survey, being made by questionnaires prepared by the agriculture department and distributed by municipal districts and district agriculturalists is the result of representations to the government.

It has been several years since assistance of this type on such a large scale has been necessary.

Indications are that the needs will be mostly in the area between Red Deer and Athabasca and those fringe areas of subsistence farming where resources are more meagre. It is expected that the major needs will be for seed oats.

Agricultural officials believe there are plentiful supplies and importation from outside the province will not be necessary.

Once the survey is completed and assessed further meetings between the government and farm

DARLENE JOHNSON, about 3, who was abandoned by her mother six weeks ago, makes her daily telephone call to her foster father. The youngster was left to board at a neighbor's home in Winnipeg for a few days and was never picked up. The Children's Aid Society, seeking information as to her mother's whereabouts, has placed the child in a temporary foster home.

organizations are expected to be held, following which a course of action will be decided upon. If it is the supplying of seed and feed, it will be a matter of locating stocks, then placing them in the areas of need.

At the time of announcing the survey, Premier Manning also stated the government would support the Alberta Federation of Agriculture in asking the federal government for loans on farm-stored grain and a further payment on grain delivered during the last crop year. A letter of support has been sent to Ottawa from the Alberta government by Agricultural Minister Halmstad.

Feeling of the Federation was that without cash or credit, the farmers would be hard put to meet living and harvesting costs and might turn to selling grain which should be kept for seed or feed and marketing unfinished livestock for little or no profit.

Premier Manning, when he announced plans for the survey, suggested that farmers are facing an "immediate problem" caused by poor weather conditions but at the same time the same time the province agricultural economy remains stable and sound.

Through The Study Window

By REV. C. C. ARMSTRONG

This is the time of year when various groups of a charitable or religious nature are likely to undertake a financial campaign. Some people, concerned over the number and variety of such appeals for assistance, have advocated the adoption of a unified appeal, a community chest. Under this plan people would make their gift, and the proceeds would be divided amongst the various groups. The hope is that "giver resistance" would be reduced by one major appeal rather than by a multiplicity of individual enterprises.

Whether or not this would result in greater generosity is not too certain, for much of our giving is not based upon a reasoned analysis but rather upon the mood of the moment or the momentary balance in the current account. Our attitude is further obscured and fogged by the unholy wedlock of Bingo-Good Cause.

There are other considerations that have to be borne in mind by those who sincerely and honestly wish to give generously and proportionately of their money. If a small group of wealthy people give large amounts towards a specific objective, it certainly relieves the poorer folk of the need to give as much, in order to arrive at a certain specified sum total. But the Biblical story of the Widow's Mite is a vivid illustration of one who gives, not out of wealth, not because her gift was needed to meet the temple budget, but because she wanted to share her possessions in the service of the God she loved.

This is the essential spirit that gives gifts worth to our gifts, when we give because we want to help, to share. It is not concerned with such things as "How often have I given," nor "How much are the others giving," or "How much is needed to reach the objective?"

Those who speak of "equality of sacrifice" rather than "equality of giving" are approaching very closely to a helpful basis of giving. It recognizes that equality of income does not mean that the necessary expenses to keep a family are thereby equalized, but may differ because of size of family, reasons of health or other factors. It recognizes the fact that a wealthy person may give a large sum, yet still have much left over for his own desires, so that his gift is not nearly as sacrificial as that of one who has a smaller surplus over and above his immediate and urgent needs. It recognizes that a gift is to be given, not on a nice estimate of current revenue but out of a generous and sacrificial spirit.

WESTWARD HO CALF CLUB REGULAR MEETING

The Westward Ho Calf Club met at the school for a re-organization meeting on October 29, with eight members and five adults present.

The 4-H pledge was then repeated by all. Financial report was then given and the club has \$68.06 on hand. Mr. Spooner presented the trophies that were won by the club and they will be displayed in the Westward Ho General Store for the next two weeks.

The new officers were then elected for the coming year. Mr. Spooner is still the club leader; Sigurd Bausiad was elected president, Don McCracken, treasurer, and Peggy Rock secretary-treasurer.

Mr. Fuchter then gave a talk on the new feed records. The men then decided that the calves should be in by the 15th of November and a cattle buyer would then come around and guess the weight of the calves before starting to feed them.

The next meeting is to be held at Tony Spooner's on Nov. 27.

It is more important to know where you are going than to get there quickly. Do not mistake activity for achievement.

Prof. Mabel Newcomber

Opportunity FOR A CAREER IN "FREEDOM" INSURANCE

In the trained skill and courage of Canada's soldiers lies a wealth of insurance — "Freedom" insurance . . . for peace . . . against aggression.

The opportunities for young men with the right temperament and intelligence to make a career in the Army are excellent. As a modern, progressive organization, the Army is equipped to offer top class schooling and training to career soldiers. There is a place in the Canadian Army for young men who can meet the challenge.

The Army has a continuing need for good men . . . men like you, who want to make a career of protecting Canada's freedom, and your own, in the Army.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

This week will be a strenuous one for students and faculty alike. Special evangelistic meetings are held each night in the United Missionary Church and all here are expected to attend each service. Along with class work and lightened assignments everyone will be most busy.

President and Mrs. Taylor and family were entertained in the home of Mr. and Mrs. Harold Oke last Thursday evening for dinner.

Miss Bessie Plant, recently from Palestine and now on her way to Pormosa, was entertained in the home of Mrs. L. Suder for the past 10 days. They were both entertained in the home of Rev. and Mrs. Ray Shantz on Thursday evening last for dinner.

A number of faculty members attended the service held in the Kings Memorial Chapel, Canadian Nazarene College, Red Deer, on Sunday afternoon. This is a beautiful chapel, recently finished and connected to the administration building of that college. It was made possible by the legacy of one of its members, Mrs. Louise King, who died about a year ago. The legacy covered the cost of the building. You will want to see it when you pass through, or visit, Red Deer.

A number of the young men of the college went to Montgomery Saturday to help in the building of the new United Missionary Church there. Rev. Stanley Cox and his wife (nee Jeanette Neufeld) are the pastors there and making splendid progress in building a congregation. They would be happy to have help, and if you can go, contact Rev. Albert Hadermehl of this town.

Mrs. M. A. Finlay visited the campus for several days on her return from a visit to Victoria recently. She along with Mrs. Suder, Miss Plant and Miss Eby were supper guests in the home of Mr. and Mrs. Arthur Eby Saturday evening.

Open House will soon be here. Keep December 3rd open for that event and be sure to come and hear the program and see the improvements we have made during the year.

FALLEN TIMBER

(From Our Own Correspondent)

(Intended For Last Week)
The regular meeting of the Busy Bees was held at the home of Mrs. Lydia Tesnor, with 14 ladies present. It was decided to hold the bazaar Nov. 26 with a dance to follow. Each lady is asked to bring five articles for the Fish Pond. Proceeds from the food table are to go towards the school Christmas tree. After a lovely lunch the 10-cent draw was held, with Mrs. Roberta Stair being the winner. The next meeting is to be held at the home of Mrs. Ray Tesnor.

Mr. and Mrs. B. Money and family were dinner guests at the home of Mr. and Mrs. Joe Tesnor Sunday. Weekend guests at the home of Mr. and Mrs. J. Howton were Rev. C. and Rev. R. Moore and Gary Moore of Calgary and Rev. E. Rasmussen of Vancouver.

Two services were held in the school Sunday with a very good attendance. Rev. E. Rasmussen, a very talented musician, singer and speaker, was very much enjoyed by all. He played numbers on a saw, the piano accordion and sang, accompanying himself on the guitar. He plans to visit here again in February.

Mr. and Mrs. Barry McMullen plan on going to Saskatchewan to visit the latter's parents this week. We are sorry to hear that Mr. R.

FUA ROUNDUP

NOVEMBER 22nd

Edmonton, November 8 - Monday Week, November 22 is F.U.A. ROUNDUP DAY. This date was announced to the public by radio at the beginning of the month and is being supplemented by advertisements appearing in 77 weekly newspapers blanketing the Province and the B.C. Block.

A volunteer force of 400 Foremen assisted by 2,400 riders (canvassers) with about 2,000 canvassers (assistant canvassers) working wherever possible in pairs, have already been organized according to an announcement from Farmers' Union of Alberta headquarters this week.

The final three weeks of preparation for the one-day Drive is expected to increase the canvassing crews by at least 200 foremen and 1,200 canvassers. They will represent an overall total of 8,000 farm men and women in approximately 4,000 cars or trucks to comb the F.U.A. area.

In a statement to the weekly press Roundup Director Waldo Summers said that under adverse weather on ROUNDUP DAY could offset a record enrollment of rural dwellers within the grassroots farm body. "I am convinced that realization of the F.U.A. objective lies within our grasp," he said. "All that is needed is fair weather and a faithful turnout of Foremen and their Crews. Given those two basic requirements, we should make farm organization history in Alberta next Monday week."

The campaign is winding up with a "rush" of meetings, it would appear from reports reaching the press. Speakers selected from a group of 23 F.U.A. and F.W.A. District officials are holding almost 100 meetings within the 2 week period Nov. 1st to 12th inclusive. It is expected that a further series of meetings will be held the week preceding the Drive of Nov. 15th to 19th inclusive, and that a prominent speaker representing the Interprovincial Farm Council will address a few mass meetings in the closing stages of the campaign, the F.U.A. release revealed.

ANNUAL REUNION AT O.S.A. NOVEMBER 26

Jack Paxton of Innisfail, president of the Alumni Association of the Olds School of Agriculture and Home Economics has announced that the annual reunion and dance of the association will be held in the O.S.A. auditorium on Friday, November 26. An important meeting with election of officers will be held at 7:30 p.m.; the dance will commence at 9 p.m.

OCTOBER MEETING

LOVE PINE ORIOLES

Love Pine Orioles Girls' Club October meeting was held at the home of Karen and Sandra Brander, with 13 members and one visitor present. Meeting opened with singing, followed by the creed.

It was decided to have a dance Nov. 12 with Fisher's orchestra. The mothers were asked to make a cake. It was decided to sell tickets on a blanket and two bed dolls, to be raffled at the dance.

It was also decided to get more material for skirts. A get-well card is to be sent to Mrs. Schumaker. A gift will be sent to Ralph Bittner who fractured his arm. Joyce Schumaker had the "bit of fun" and Ellen Weber won the 10-cent draw.

McMullen Sr. had the misfortune to burn his hands badly while lighting a lamp.

Mr. and Mrs. G. Admussen and family were visitors at the home of Mr. and Mrs. J. H. Cooper Sunday.

Mrs. Dorothy Moore and Judy are visiting in Calgary this week.

Mrs. E. Bruns of Carstairs is a visitor at the home of her daughter, Mrs. Roy Tesnor.

**One-two-three
HUP!**

EVER GIVE a "leg up" to a knight in full armour? In a recent film about Joan of Arc the movie makers got over this weighty problem by dressing the actress who played the title part in a suit of armour made of aluminum. Result: shooting, including scenes showing Joan mounting her horse, proceeded on schedule.

Canadian manufacturers use a lot of weight-saving aluminum not only because it makes things lighter to handle and cheaper to ship but because it makes up into more products per pound. Helps them market their products for less. Aluminum Company of Canada, Ltd. (Alcan).
